Health and Safety Guidelines:

To ensure the protection and the well-being of the St. Bruno School Community in the face of COVID-19 variants, we are following these guidelines:

- All Students and Staff **must** wear masks indoors regardless of vaccination status.
- No masks are required outdoors, regardless of vaccination status.
- All students **must** use a reusable water bottle.

Traffic Safety and Parking Issues:

I just want to remind you of some traffic and parking guidelines for St. Bruno School.

- Be mindful of your speed when you are dropping off your child(ren).
- **Do not** park on the east side of Harding Ave during school hours.
- Parking **is not** allowed on 49th Street on the south side of the building (e.g., the playground) at all times. This creates a traffic bottleneck.

Your cooperation in these matters is appreciated.

Travel Advisory

We follow the [City of Chicago Travel Advisory](#).

As of Tuesday, September 7, every state in the United States is orange except Vermont.

If it is any other state other than Vermont, travelers must either quarantine for 10-days or receive a negative test result no earlier than 72 hours prior to arrival in Chicago or be fully vaccinated (*i.e.*, being at least two weeks after receipt of the second dose in a two-dose COVID-19 vaccine series or at least two weeks after receipt of one dose of a single-dose COVID-19 vaccine).

To ensure public health measures while traveling:

- Adhere to masking rules: Masks are required on planes, buses, trains, and other forms of public transportation traveling into, within, or out of the United States and in U.S. transportation hubs such as airports and stations.
- Bring a copy of your COVID-19 vaccination records while traveling.
- Monitor for COVID-19 symptoms.
- Isolate and get tested if symptoms develop.

- All School Masses and assemblies, lunch schedules and opportunities for volunteering will resume.
- All individuals **must** remain at home when sick, or experiencing any symptoms, to minimize the chance of spreading COVID-19, or other germs and viruses. There will be no temperature checks at the doors upon entry.
