

Catholic Schools Week 2022

Culture Faith Academic Excellence Service

Dear St. Bruno Families,

The pillars for Our Catholic School are *Culture, Faith, Academic Excellence and Service*. We will have many fun activities for our Trailblazers to engage in during Catholic Schools Week that highlight these pillars of Catholic Education.

As part of a schoolwide service project, and to help our 7th and 8th graders fulfill their service hours for Confirmation, we are making care packages for our local police officers and firemen.

We are asking each student to donate one item that will be placed in a bag and delivered to the police and fire stations in our area. We want to remember our first responders during this time.

Please read through the list and donate the item assigned to your child's grade by Monday, January 31st.
